

THIRD ICOH INTERNATIONAL CONFERENCE ON PSYCHOSOCIAL FACTORS AT WORK

Un message en français suivra

SECOND CALL FOR PAPERS

Third ICOH-WOPS International Conference Québec City, Canada

The Third ICOH-WOPS International Conference on "Psychosocial Factors at Work: from Knowledge to Action" will take place in Québec City September 1 to 4, 2008. This conference will provide a fine opportunity to update the state of knowledge with international leaders in the field.

Proposal submission deadline: January 31, 2008

Please note a change on the website concerning **Instructions for submitting an abstract**.

A change has been made concerning the restriction to one abstract only as primary author. The priority will be given to a first abstract as first author, but a second abstract may be accepted if there is enough room and time in the program. However, a second abstract as primary author may also be submitted if included in a symposium.

For more information on conference and online submission, please visit the conference website <http://www.ichh-wops2008.com>.

Details and instructions for registration online are also presented.

If you are a member of a group or organization interested in psychosocial factors at work and health, we would be very grateful if you would transfer this message to your members.
