

THIRD ICOH INTERNATIONAL CONFERENCE ON PSYCHOSOCIAL FACTORS AT WORK

*Un message en français suivra*

## NEW ABSTRACT SUBMISSION DEADLINE

Dear colleagues,

The preparation of the Third ICOH-WOPS 2008 Conference is well under way. We have received a lot of excellent abstracts (more than 220 to date) and from all over the world (38 countries represented).

We would like to thank all colleagues that have already submitted their abstract and symposium projects. This is a strong indication of the interest in the conference and that the focus on psychosocial environment of work is still very much alive.

We know that a number of colleagues could not meet the deadline because of communication problems and therefore, we want to announce an extended deadline for all scientific submissions to **February 29, 2008**. We hope that many of you will take advantage of this extended opportunity.

We are looking forward to receiving your submissions and will be happy to greet you in Québec City next September.

Renée Bourbonnais and Michel Vézina, on behalf of the organizing committee

For more information on the conference, online submission and registration, please visit the conference website <http://www.icoh-wops2008.com>.

If you are a member of a group or organization interested in psychosocial factors at work and health, we would be very grateful if you would transfer this message to your members.
